---	----------------	---

Ms. Weaver is the Partner-In-Charge of Bleichmar Fonti & Auld LLP's California office, and the practice head of its Antitrust and Consumer team. In her twenty-year career, Ms. Weaver has focused primarily on cases that protect the public interest, consumers, and public entities. She has substantial leadership experience litigating complex consumer-oriented class litigation, and has been appointed to leadership positions in some of the largest class actions in the country, including as co-lead counsel in *In re: Inductors Antitrust Litigation* in April 2018 and to the Plaintiffs' Steering Committee in *In re: Volkswagen "Clean Diesel" Marketing, Sales Practices, and Products Liability Litigation* ("Clean Diesel"), selected from a field of 150 of the nation's finest attorneys. For her work in Clean Diesel, Ms. Weaver was awarded a 2018 California Lawyer of the Year award. Separately, Ms. Weaver was honored as a 2018 Plaintiffs' Trailblazer by the *National Law Journal*.

Ms. Weaver has significant experience in consumer privacy protection, and is one of few attorneys to take such a case to trial. In 2014, Ms. Weaver obtained a \$16.5 million jury verdict for the unlawful sharing of her clients' confidential information in *Doe v. PositiveSingles.com*. The jury awarded \$1.5 million in compensatory damages, which was a 100% recovery of economic damages, and \$15 million in punitive damages under the California Legal Remedies Act. Ms. Weaver's trial team showed that the operator of PositiveSingles.com shared class members' private, confidential, and sensitive personal information with over a thousand other dating websites without the knowledge of those individuals.

Ms. Weaver has been appointed to leadership positions in other significant consumer matters as well. As mentioned above, in 2015, Judge Charles R. Breyer appointed Ms. Weaver to the Plaintiffs' Steering Committee in "Clean Diesel." Ms. Weaver's work in *Clean Diesel* included spearheading the investigation that ultimately uncovered German auto supplier Robert Bosch GmbH's significant role in multiple schemes to place software in vehicles purposely designed to evade emissions laws. She also participated, by invitation, in negotiations that led to the \$10 billion settlement, acting as a liaison to certain state Attorneys General. Plaintiffs in the Volkswagen litigation have recovered more than \$15 billion for class members and nearly \$5 billion for the environment, the largest automotive class action recovery ever.

In June 2017, Judge Edward M. Chen appointed Ms. Weaver to the Plaintiffs' Steering Committee in *In re: Chrysler-Dodge-Jeep EcoDiesel Marketing, Sales Practices, and Products Liability Litigation*. Ms. Weaver is working closely with technical experts in that matter to determine if proposed fixes to the subject vehicles inflict additional damages upon class members.

In December 2017, Judge Charles R. Breyer appointed Ms. Weaver to the Plaintiffs' Steering Committee in *In re: German Automotive Manufacturers Antitrust Litigation*. Consumers and suppliers allege that German automakers engaged in a twenty-year cartel—the single largest known automobile cartel in U.S. and European history—to suppress the development of technology in their automobiles.

Ms. Weaver played a significant role in *In re: Blood Plasma Antitrust Litigation*, including deposing the Chief Operating Officer and Chief Marketing Officer of one of the main defendants. The case ultimately settled for \$128 million.

Ms. Weaver also serves as counsel to a number of governmental entities, in both formal and informal roles. Ms. Weaver represents the Cities of Palo Alto and Richmond, California in a municipal subclass in *In re: Lithium Ion Batteries Antitrust Litigation*.

Ms. Weaver's trial experience has spanned her career. Her first trial was in 1998 before the Honorable Vaughn Walker against U.S. Customs on behalf of Amanda Buritica, a U.S. citizen born in Colombia who was unlawfully detained by U.S. Customs at San Francisco International Airport, then under the direction of Ray Kelly. The case resulted in the largest verdict at the time under the Federal Tort Claims Act.

In addition, Ms. Weaver has extensive experience representing sophisticated institutional investors in landmark securities actions. Some of those cases include *In re: Cavanaugh Securities Litigation* (including an appeal to the Ninth Circuit concerning the method of selecting lead plaintiff and lead counsel after the enactment of the Private Securities Litigation Reform Act); *Marsh & McLennan* (\$400 million settlement); *In re: Cardinal Health Inc. Securities Litigation* (\$600 million settlement); and *In re: Cisco Systems, Inc. Securities Litigation* (\$99 million settlement).

Ms. Weaver is committed to public service through volunteer efforts. She currently serves on the Advisory Council of the East Bay Community Law Center, as well as the Executive Committee of the Securities Section for the Bar Association of San Francisco. She is a past Co-Chair of Bay Area Lawyers for Individual Freedom, a past Co-Chair of the San Francisco LGBT Community Center, past National Chair of the National Center for Lesbian Rights, and past Vice President and Director of the Board of the Frameline Film Festival. She has previously served on the boards of Women Lawyers of Alameda County, Equality California, the International Gay and Lesbian Human Rights Commission, and the Alice B. Toklas Democratic Club. Ms. Weaver enjoys skiing, surfing, reading, sailing, biking and traveling, all preferably in the company of family and friends.

Javier Bleichmar brings a long career of litigation success to his prosecution of large-scale class actions on behalf of investors and consumers. Javier has nearly two decades of experience and has been “recommended” in the field of securities litigation by *The Legal 500*.

Mr. Bleichmar was the lead attorney on the team that litigated *In re MF Global Holdings Ltd. Securities Litigation* on behalf of Her Majesty the Queen in Right of Alberta and MF Global investors, in connection with the company’s dramatic collapse on October 31, 2011. Judge Marrero in the Southern District of New York sustained the complaint in its entirety, and the plaintiffs secured several settlements totaling more than \$234 million, resolving claims against MF Global’s former officers and directors, several underwriter defendants, and MF Global’s outside auditor.

Mr. Bleichmar similarly led the team that prosecuted *In re Weatherford International Securities Litigation* on behalf of the Anchorage Police & Fire Retirement System and Weatherford investors. The case alleged that Weatherford, which made three restatements of its audited financial statements totaling approximately \$1 billion, misled investors about the company’s tax accounting. After more than three years of intense litigation, including 22 depositions and complex expert testimony, the plaintiffs secured a \$120 million settlement.

In addition to driving daily litigation, Mr. Bleichmar is a successful appellate advocate. After Mr. Bleichmar argued before the Eighth Circuit in *Public Pension Fund Group v. KV Pharmaceutical, Co.*, the Eighth Circuit reversed an earlier dismissal and clarified the standard governing pharmaceutical companies' disclosures relating to notifications by the Food and Drug Administration.

Mr. Bleichmar is active in educating investors on developing trends in the law, particularly the ability of global investors to participate in securities matters outside the United States. Through these efforts, many of his clients were able to join the organization representing investors in the first ever securities class action settlement, under then-recently enacted Dutch law, against Royal Dutch Shell. He also provides thought leadership as a regular contributor on securities law issues in the *New York Law Journal*. He most recently co-authored “*IndyMac Leaves Uncertain Landscape for Opt-Out Litigation*” and “*The Evolving Legacy of Fait v. Regions Financial*.”

Prior to founding the Firm, Javier was a Partner of Labaton Sucharow LLP. He previously practiced at Bernstein Litowitz Berger & Grossmann LLP, where he was actively involved in *In re Williams Securities Litigation*, which resulted in a \$311 million settlement for investors, as well as significant securities matters involving Lucent Technologies, Inc.; Conseco, Inc.; and Biovail Corp. Javier began his legal career at Kirkland & Ellis LLP. He also is an active member of the National Association of Public Pension Attorneys (NAPPA).

Javier earned a B.A. from the University of Pennsylvania and a J.D. from Columbia University School of Law (1998), where he was a Harlan Fiske Stone Scholar. During law school, he served as a law clerk to the Honorable Denny Chin, U.S. District Court Judge for the Southern District of New York. Javier is a native Spanish speaker and fluent in French.

Javier is admitted to practice in New York (1998), the U.S. Supreme Court (2010), and the U.S. Courts of Appeals for the Second Circuit (2010), Eighth Circuit (2010), Ninth Circuit (2010), Tenth Circuit (2013), and Eleventh Circuit (2011). He is also admitted in the U.S. District Courts for the Southern and Eastern Districts of New York (1999).
